

Duodu Francis

School Improvement Support Officer (SISO)

0242785622 | duodufancis21@gmail.com

Profile

School Improvement Support Officer (SISO) with 30+ years in the Ghana Education Service across classroom teaching, headship, and district-level instructional support. Experienced in school improvement planning, teacher coaching, classroom observation and feedback, and monitoring curriculum implementation to strengthen teaching quality and learner outcomes—especially in Mathematics and Science. Strong facilitator with Training-of-Trainers experience, stakeholder engagement skills, and a practical approach to instructional leadership and accountability. Recognized as Best School Improvement Support Officer, Atwima Kwanwoma Municipality (2024).

Employment History

School Improvement Support Officer (SISO) at Ghana Education Service, Atwima Kwanwoma Municipality, Ghana Jan 2015 - Present

- Lead school improvement support for basic schools by partnering with head teachers on school improvement plans, supervision routines, and accountability actions.
- Conduct classroom observations and coaching cycles; provide actionable feedback and follow-up support to strengthen instruction in **Mathematics** and core classroom practices.
- Monitor standards-based curriculum implementation; review lesson delivery, learner work, and assessment evidence to identify gaps and recommend targeted interventions.
- Facilitate professional development sessions and Training-of-Trainers workshops for teachers and school leaders; develop practical job aids to support implementation.
- Prepare clear monitoring reports and action trackers for municipal/district stakeholders to support decision-making and follow-through.
- Awarded Best School Improvement Support Officer (Atwima Kwanwoma Municipality, 2024).

Head Teacher at Ghana Education Service, Atwima Kwanwoma District, Ghana Jan 2010 - Dec 2014

- Managed daily school operations, staff performance, and learner welfare to maintain a safe, orderly learning environment.
- Strengthened instructional quality through lesson plan reviews, classroom supervision, and performance feedback for teachers.
- Coordinated school-based professional learning (INSET) and peer support activities aligned with district priorities, including Mathematics support initiatives.
- Improved parent and community engagement through regular communication and outreach, supporting attendance, discipline, and school improvement priorities.
- Led school improvement planning and reporting; maintained accurate school records and ensured timely compliance documentation.
- Served as Head Teacher, Chichibon D/A Basic School.

Mathematics and Science Teacher at Ghana Education Service, Ghana Jan 1992 - Dec 2010

- Taught Mathematics and Science; planned and delivered syllabus-aligned lessons using learner-centered strategies.
- Designed assessments, analyzed results, and provided remedial support to close learning gaps and improve learner performance.
- Developed lesson notes, teaching and learning materials, and continuous assessment records; maintained accurate progress reporting.
- Collaborated with colleagues on school-based improvement activities and shared effective approaches to Mathematics instruction.
