

Duodu Francis

Director of Education (Target Role) | School Improvement, Instructional Leadership & M&E

0242785622 | duodufancis21@gmail.com

Profile

Education leader with 30+ years in the Ghana Education Service spanning classroom instruction, headship, and district/municipal instructional support. Lead school improvement planning, instructional supervision systems, and teacher development through coaching, classroom observation, and Training-of-Trainers delivery—strengthening curriculum implementation and learning outcomes, with deep specialization in **Mathematics** improvement. Experienced in monitoring, reporting, stakeholder coordination, and accountability follow-through across multiple schools, including work as Municipal GALOP (DL) Focal Person and District Master Trainer for Mathematics. Recognized as **Best School Improvement Support Officer (2024)** and positioned for director-level education leadership and consultancy roles focused on system improvement.

Employment History

School Improvement Support Officer (SISO) at Ghana Education Service, Atwima Kwanwoma Municipality, Ghana Jan 2015 - Present

- Lead school improvement support across basic schools by partnering with head teachers to develop, implement, and track School Improvement Plans (SIPs), supervision routines, and accountability actions.
- Conduct classroom observations and coaching cycles; provide actionable feedback and follow-up support to strengthen instruction in **Mathematics** and core classroom practice.
- Monitor standards-based curriculum implementation by reviewing lesson delivery, learner work, and assessment evidence; identify gaps and recommend targeted interventions.
- Facilitate professional development sessions and Training-of-Trainers workshops for teachers and school leaders; develop practical job aids to support implementation quality.
- Prepare monitoring reports, action trackers, and school performance updates for municipal/district stakeholders to support decision-making and follow-through.
- Recognized as **Best School Improvement Support Officer (Atwima Kwanwoma Municipality, 2024)**.

Head Teacher at Ghana Education Service, Atwima Kwanwoma District, Ghana Jan 2010 - Dec 2014

- Directed day-to-day school administration, staff supervision, learner welfare, and safeguarding to maintain a safe, disciplined learning environment.
- Implemented instructional supervision routines (lesson plan reviews, classroom walkthroughs, feedback conferences) to improve teaching quality and classroom consistency.
- Led school-based professional learning (INSET) and peer support activities aligned with district priorities, including targeted Mathematics support initiatives.
- Strengthened parent and community engagement through structured communication and outreach, supporting attendance, learner behavior, and school improvement priorities.
- Managed school records, reporting, and compliance documentation; ensured timely and accurate submissions to district education offices.

Mathematics and Science Teacher at Ghana Education Service, Ghana Jan 1992 - Dec 2010

- Delivered syllabus-aligned Mathematics and Science instruction using learner-centered methods to improve understanding and participation.
- Designed assessments, analyzed results, and provided remedial support to close learning gaps and strengthen learner performance.
- Developed lesson notes and teaching/learning materials; maintained accurate continuous assessment and progress reporting records.
- Collaborated with colleagues on school improvement activities and shared effective approaches to Mathematics instruction and classroom management.
